

HMF 910K-RCS

The HMF 910K-RCS is a reliable and sturdy crane with high lifting capacity and full speed in the entire working area.

A fast crane with an excellent lifting capacity

The HMF 910K-RCS is a radio remote controlled crane, which works with full speed in the entire working area. It is a versatile crane which can be used for a wide range of different tasks.

The crane is designed in a compact way, which offers good utilisation of the truck body and ultimately means lower cost of ownership.

The crane is equipped with a 15° over-bending which ensures maximum lifting capacity in the entire working area.

Main benefits

- Wear-resistant
- High lift-to-weight ratio
- Radio remote control system for total freedom
